

KANKOYO CONSTITUENCY
2025 CDF Community Projects

No. Ward	Project Name	Sector	Type of Project	Project Description	Project Site/Location	Duration	Engineers' Estimates	Approved Amount	Justification
1 FIBUSA	DRILLING OF (3) HAND PUMPS	WATER & SANITATION	DRILLING OF BOREHOLES	Borehole drilling, installation of submersible pump, construction of a steel tank stand, pipe work and electrical(solar) installations	FIBUSA	12 weeks	1,500,000.00	450,000.00	There was no availability of water in the ward hence, the need for drilling of a borehole
2 FIBUSA	REHABILITATION OF DRAINAGES	ROAD & CONSTRUCTION	REHABILITATION OF DRAINAGES	Demolition of existing drainage.Excavations,formwork,Stone pitching,Coping and grouting	FIBUSA	16 weeks	1,220,000.00	915,000.00	The drainage was in a bad state hence, the need for it to be rehabilitated
3 FIBUSA	Installation of Ceiling Board, floor tiles and furniture, Youth Friendly corner	HEALTH	Ceiling Board, floor tiles and furniture, Youth Friendly corner	Ceiling Board, floor tiles and furniture	CLINIC	12 weeks	100,000.00	100,000.00	The room was not conducive as a youth friendly corner hence, the need for the ceiling board, floor tiles and furniture so that its conducive enough as the youth friendly
4 FIBUSA	Procurement and installation of grill door at Fibusa hammer mill	AGRICULTURE	Procurement and installation of grill door at Fibusa hammer mill			6 weeks		16,000.00	The hammer mill in Fibusa had no grill door to maximize security hence, the need for a grill door
5 FIBUSA	Construction of a Change house with shower at Fibusa ground	Excavations, substructure, superstructure work, roofing, electricals, plumbing, metal work, Carpentry and Joinery, glazing, finishes, painting and external work	Excavations, substructure, superstructure work, roofing, electricals, plumbing, metal work, Carpentry and Joinery, glazing, finishes, painting and external work			16 weeks	325,000.00	300,000.00	There was no change house at the fibusa ground hence, the need for it to be built to enable people to have one.
6 MPELEMBE	CONSTRUCTION OF MARKET AT KABEMBE GROUND	MARKET & BUS STATIONS	CONSTRUCTION OF MINI MARKET AND ABLUTION BLOCK	CONSTRUCTION OF A 15X10 M MARKET OF 36 CAPACITY	KABEMBE GROUND	20 weeks	1,978,321.80	1,610,000.00	There was no market in the area hence, the need for a mini market to be built.
7 KANGWA NSULU	CONSTRUCTION OF MOTHER'S SHELTER AT LUANSOBE CLINIC, INCERNARATOR.	HEALTH	CONSTRUCTION OF MOTHER'S SHELTER, INCERNARATOR	Excavations, substructure, superstructure work, roofing, electricals, metal work, Carpentry and Joinery, finishes, painting and external work	LUANSOBE CLINIC	20 weeks	488,400.00	488,400.00	There was no Mother's shelter and incinerator at the clinic hence, the need for them to be built so that mothers can have their own shelter and an incinerator for the clinic.
8 KANGWA NSULU	DRILLING OF SOLAR POWERED BOREHOLE	WATER & SANITATION	DRILL SOLAR POWERED BOREHOLE	Borehole drilling, installation of submersible pump, construction of a steel tank stand, pipe work and electrical(solar) installations	RIVERSIDE NEW PLOTS	12 weeks	300,000.00	300,000.00	There was no availability of water in the area hence, the need for the borehole to be drilled in the area so that people can have access to water
9 LUANSOBE	CONSTRUCTION OF AN ABLUTION BLOCK AT 16.5mx5.6m MUYA PRIMARY SCHOOL	EDUCATION	CONSTRUCTION OF AN ABLUTION BLOCK AT 16.5mx5.6m MUYA PRIMARY SCHOOL	Excavations, substructure, superstructure work, roofing, electricals, metal work, Carpentry and Joinery, finishes, painting, plumbing and external work	MUYA PRIMARY SCHOOL	20 weeks	650,000.00	650,000.00	There were no decent toilets at the school hence, the need for an ablution block to be built so that Learners can have decent toilets.
10 LUANSOBE	CONSTRUCTION OF AN ABLUTION BLOCK AT 16.5mx5.6m Nsato PRIMARY SCHOOL	EDUCATION	CONSTRUCTION OF AN ABLUTION BLOCK AT 16.5mx5.6m Nsato PRIMARY SCHOOL	Excavations, substructure, superstructure work, roofing, electricals, metal work, Carpentry and Joinery, finishes, painting, plumbing	NSATO PRIMARY SCHOOL	20 weeks	650,000.00	650,000.00	There were no decent toilets at the school hence, the need for an ablution block to be built so that Learners can have decent toilets.
11 LUANSOBE	COMPLETION OF AN ABLUTION BLOCK AT SALUMINGO PRIMARY SCHOOL	EDUCATION	COMPLETION OF AN ABLUTION BLOCK AT SALUMINGO PRIMARY SCHOOL	Plumbing works ,soakway and septic tank and electricals	SALUMINGO PRIMARY SCHOOL	12 weeks	220,000.00	170,000.00	The Ablution Block being constructed at the school was not completed hence, the need for it to be completed so that the school has decent toilets

12	LUANSOBE	CONSTRUCTION OF A MARKET AT LUANSOBE, ABLUTION BLOCK AND WATER RETICULATION SYSTEM (15X10M CAPACITY)	MARKET & BUS STATIONS	CONSTRUCTION OF A MARKET AT LUANSOBE, ABLUTION BLOCK AND WATER RETICULATION SYSTEM (15X10M CAPACITY)	CONSTRUCTION OF A 15X10 M MARKET OF 36 CAPACITY Excavations, substructure, superstructure work, roofing, electricals, metal work, plumbing, Carpentry, and Joinery, glazing, finishes, painting, plumbing works and external work. Borehole drilling, installation of submersible pump, construction of a steel tank stand, pipe work and electrical(solar) installations	LUANSOBE	26 weeks	2,999,341.80	1,980,000.00	There was no market, ablution block and water reticulation in the area hence, the need for these to be built so that people in the community can have a market and access to clean sanitation.
13	LUANSOBE	Desks at Luasobe combined school	EDUCATION	Procurement of 90 desks	Procurement of 90 desks	Luasobe combined school	12 weeks	198,000.00	198,000.00	The desks at the school were not enough for the pupils there hence, the need for procurement of desks so that the school has enough desks to cater for all the pupils.
14	LUANSOBE	Desks at Luasobe community school	EDUCATION	Procurement of 60 desks	Procurement of 60 desks	Luasobe community school	12 weeks	132,000.00	132,000.00	The desks that the school had were not enough to cater for all the pupils at the school hence, the need for procurement of desks so that the school has enough desks for all the pupils.
15	BUNTUNGWA	CONSTRUCTION OF AN ABLUTION BLOCK (11,800x6,400)AT Chibolya Primary School	EDUCATION	CONSTRUCTION OF AN ABLUTION BLOCK	Excavations, substructure, superstructure work, roofing, electricals, metal work, Carpentry and Joinery, finishes, painting, plumbing and external work	CHIBOLYA PRIMARY SCHOOL	20 weeks		550,000.00	The school had no decent toilets for the pupils hence, the need for an ablution block to be built so that pupils can have access to clean, decent toilets
16	BUNTUNGWA	CONSTRUCTION OF 1520m DRAINAGE in Zamchin area	ROAD & CONSTRUCTION	CONSTRUCTION OF DRAINAGES	Excavations formwork, Stone pitching, Copping and grouting	CHIBOLYA	24 weeks	1,850,000.00	850,000.00	Chibolya had no drainages for good passage of water hence, the need for construction of drainages so that there will no longer be flooding incidents and water stagnation in the community.
17	BUNTUNGWA	PAVING OF 400m ² at CHIBOLYA TRADING CENTRE AND MARKET	MARKET & BUS STATIONS	PAVING OF CHIBOLYA TRADING CENTRE AND MARKET	Earth works, paving and kerb stone	CHIBOLYA TRADING CENTRE AND MARKET	25 weeks	3,174,000.00	800,000.00	Chibolya had.....
18	BUNTUNGWA	PAINTING OF THE KITCHEN, PROCUREMENT OF STOVE AND DEEP FREEZER	SOCIAL WELFARE	PAINTING OF THE KITCHEN, PROCUREMENT OF STOVE AND DEEP FREEZER	Painting works and procurement of stove and deep freezer	CHIBOLYA OLD PEOPLE'S HOME	12 weeks	150,000.00	150,000.00	Chibolya Old People's Home kitchen wall was in a bad state with no stove and deep freezer for the old people hence, the need for the kitchen wall to be painted, stove and deep freezer.
19	KWACHA	DRILLING OF 1 BOREHOLES AT NSUNGENI COMMUNITY SCHOOL	WATER & SANITATION	DRILLING 2 BOREHOLES	Borehole drilling, installation of submersible pump, construction of a steel tank stand, pipe work and electrical(solar) installations	NSUNGENI COMMUNITY SCHOOL	12 weeks	300,000.00	300,000.00	The community school had no access to water hence, the need for the drilling of two boreholes at the school so that there is availability of water.
20	BUFUKE	DRILLING OF SOLAR PROPELLED BOREHOLE IN SECTION B	WATER & SANITATIO	DRILLING OF SOLAR PROPELLED BOREHOLE	Borehole drilling, installation of submersible pump, construction of a steel tank stand, pipe work and electrical(solar) installations	SECTION B	12 weeks	300,000.00	300,000.00	There was no availability of water in the area hence, the need for a borehole so that people can have access to water
21	BUFUKE	CONSTRUCTION OF BUS STATION SHELTER AT BUTONDO MAIN BUS STATION	COMMUNITY DEVELOPMENT	CONSTRUCTION OF BUS STATION SHELTER	Excavations, substructure, superstructure work, roofing, Carpentry and Joinery, finishes, painting and external work	BUTONDO MAIN BUS STATION	14 weeks	190,000.00	190,000.00	There was no bus shelter for travellers hence, the need for one to be constructed so that travellers can have a bus shelter.
22	BUTONDO	COMPLETION OF PAVING OF BUTONDO MARKET	MARKET & BUS STATIONS	COMPLETION OF PAVING OF BUTONDO MARKET	Earth works, paving and kerb stone	BUTONDO MA	25 weeks	450,000.00	450,000.00	The Paving works at the market were not completed hence the need for completion so that the paving of the market is done.
23	JOHN KAMPENG	DRILLING OF BOLEHOLE	WATER & SANITATIO	DRILLING OF SOLAR PROPELLED BOREHOLE	Borehole drilling, installation of submersible pump, construction of a steel tank stand, pipe work and electrical(solar) installations	JOHN KAMPEI	12 weeks	600,000.00	300,000.00	There was no availability of water in the area, hence, the need for one solar propelled borehole to be constructed so that people have water.

24	JOHN KAMPENG	REHABILITATION OF AN ABLUTION BLOCK AT CHIBOLYA CLINIC	HEALTH	REHABILITATION OF AN ABLUTION BLOCK AT CHIBOLYA CLINIC	Demolition, painting, metal work, floor finish, plumbing, carpentry and external works	CHIBOLYA CLINIC	20 weeks	300,000.00	350,000.00	The ablution block at the clinic was in a very bad state hence, the need to rehabilitate it so that the clinic has a decent ablution block
25	JOHN KAMPENG	CONSTRUCTION OF AN INCERNARATOR AT CHIBOLYA CLINIC	HEALTH	CONSTRUCTION OF AN INCERNARATOR AT CHIBOLYA CLINIC	Excavations, substructure, superstructure work, roofing, metal work, Carpentry and Joinery, finishes, painting and external work	CHIBOLYA CLINIC	16 weeks	120,000.00	120,000.00	The clinic had no incernerator hence, the need for it to be constructed so that the clinic has one
26	Joint (CONSTITUENCIES)	PROCUREMENT OF TENTS, CHAIRS AND PA SYSTEMS FOR CDF FUNCTIONS		PROCUREMENT OF TENTS, CHAIRS AND PA SYSTEMS FOR CDF FUNCTIONS	Procurement of tents, chairs Pa systems		4 weeks	160,440.00	160,000.00	There was no tents, chairs and PA Systems for CDF functions hence, the need to procure them so as to enable effective sensitization of the community pertaining to CDF.
27	Joint (CONSTITUENCIES)	RENOVATION AND FURNISHING OF COMMITTEE ROOM		PUBLIC INFRASTRUCTURE	Demolition painting, metal work, plumbing, sealing of the roof, carpentry and external works	COMMITTEE ROOM	20 weeks	317,182.36	150,000.00	The committee room was in a very bad state hence, the need to rehabilitation it so that it is conducive
28	Joint (CONSTITUENCIES)	CDF RADIO SHOWS	COUNCIL	Media Sector		All Wards	24 weeks	400,000.00	400,000.00	People were not aware of what CDF encompasses hence, this will increase awareness in people pertaining to CDF projects
29	Joint (CONSTITUENCIES)	Procurement of a jointly funded grader		Procurement of a jointly funded grader		All Wards	12 weeks	3,832,640.00	900,000.00	There was no Tipper available to use in road works hence, the need for one so that road works are carried out effectively
30	Joint Wards	Procurement of 40 tone tipper		Procurement of 40 tone tipper		All Wards	12 weeks	2,700,000.00	2,700,000.00	There was no Tipper available to use in road works hence, the need for one so that road works are carried out effectively
		Total							16,629,400.00
